All Honor to George and Abraham -- Double Birthday Issue

Talent Sparkles at Girls' Dorm Party

At five o'clock on Saturday, February 7, 1959, the school skating rink, flooded with lights and echoing with the beat of a Ricky Nelson album, began to fill with students eager to get the Girls' Dorm Party underway. After skating vigorously for an hour in the brisk fresh air, everyone was ready for supper at six o'clock. The theme being Center Hill Ski Lodge, we found the dining room appropriately decorated with snow-covered mountain scenes and ski posters. Informal dress of slacks and ski sweaters put everyone at ease. Grouped around small tables we all enjoyed a menu of minestrone soup, chicken a la king, green string beans, french fries and a dessert of apple pie a la mode.

When the last morsel of pie was eaten and the last dish cleared away, it was time for room inspection, to the delight of the male guests. The rooms had never been cleaner, but the boys still managed to find a little dust in places the girls hadn't even thought of.

Returning to the dining room after their tour of the rooms, everyone settled down to the entertainment put on by the girls of Gehring Hall. Our mistress of ceremonies was Donna Jeanne Bigos, also the president of the dorm council and organ-

izer of the party. First on the program was a takeoff on the Mickey Mouse Club talent roundup, put on by third hall. Each mouseketeer represented a male counterpart from the boys' dorm. For talent we enjoyed Allison Ernst as a tough, black leather-jacketed Ambrose and his girlfriend, Carol Young, who was mouthing the words to the hit record. Next was Betsy Webster, "a real child prodigy," playing a melodious (at times) solo on her violin. With a farewell reminiscent of the original T. V. show, the skit came to a successful end.

A very informal songfest put on by a second hall group noted for their singing was next. The girls sang "Sentimental Journey," followed by "In the Evening by the Moonlight" to some rousing handclapping. When this group had scattered at the familiar sound of a bell, a fashion show narrated by Judy Watson proceeded to show the pitfalls of dress that any person new to a ski slope can fall into—the unknowing ways of a ski bunny. And thanks to Pete Swallow we learned how to carry a pair of skis with care.

Tuning up next was the girls' dorm jazz band, made up of a piano, two clarinets, a trumpet, drum, cymbals and a discarded cardboard box which served as a drum for Judy Watson. They played "Charmaine" and "When the Saints Go Marching In." During this last number Judy's drum seemed to get a little restless and began to wander around the floor. Sue Brown had somehow withstood the beating and jumped out on the final note.

After a brief intermission a guessing game was enjoyed by all. There was much good natured kidding as we tried to recognize the boys on campus from their baby pictures. Greg, that was a most appealing hair-do you had! With the last picture shown, Steve Yeaton and John Vinton "volunteered" to build a fire in the living room fireplace, where toasted marshmallows were enjoyed. Dancing to records in the dining room and T. V. watching took up the remaining part of the evening which came to an end all too soon. Through the efforts of the various committees—decorations, Pat Probst; food, Joan Fox; and entertainment, Donna Jeanne Bigos, plus many of the girls who willingly gave their time—the girls' dorm party

ONE-ACT PLAYS

The voices issuing from Room 104 after school during the week following Christmas Vacation could signal only one coming event: the one-act-plays, which have been held annually at Gould since they were initiated by Mr. Thompson, who directs the performance.

Rehearsals started the next week for the three plays, which are, as usual, comedies chosen and cast by Mr. T. Although each finished play is only about a half hour long, it takes a lot of work and time on the part of the director and student actors to produce this show nearing professional standards. Each play is rehearsed once every three days, two rehearsals a day being held. In addition, the cast spends no little time outside learning lines.

When the curtain rises at 8 p. m. on February 27 however, all this work will be fully justified by the fine performance, one of the biggest, and certainly one of the best events of the school year.

Top Hat Party Tops For New Year

January 17 has come and gone but memories of the Top Hat linger on, for at 8:00 p. m. on this date the faculty and students of Gould Academy learned what the meaning of the mysterious advertising of the past few weeks really was. But let's return to the Top Hat and see for ourselves what it was like.

As we step into the entryway, we are met by John Vinton; this strengthens our belief that this may be a Lower Dorm affair. When we are referred to the hat and coat check depot, our belief is confirmed as we spy John Todd and Ben White working behind the counter. As we are about to enter the main hall, a billboard heralding the evening's entertainment strikes our eye: music by Billy Vaughn, Lester Lanin, and Johnnie Ray.

We enter the ballroom, the first thing which meets our eye is a stunning lighting arrangement on the stage at the far end of the room. Against the dark blue, velvety stage curtain have been placed two angel-hair lights, rigged to give a red pink glow against the deep blue background. The footlights have been turned on to make the lower fringe of the curtain glow softly in the twilight. As we step in further and look around ourselves, we are amazed at the elaborate decorations; an artificial ceiling has been constructed using cleverly interwoven black and white strips of crepe paper. These same strips, staggered in their colors, hang from the balcony, providing a dividing curtain between the dance floor and the tables set up underneath

BETHEL SPEAKS

For this issue of the Blue and Gold, Mr. Phillip Chadbourne has consented to let us of this school paper relate a small history of his life and express some of his views he holds concerning civic problems.

Mr. Chadbourne, a Bates alumnus, married in 1931 and moved to Bethel five years later. In the twenty-three years he has spent as a citizen of this town he has been a member of the Lions Club, of which he was president for a time, and a trustee of the Bethel Library, where Mrs. Chadbourne serves faithfully as a librarian. Mr. Chadbourne is a director of the Bethel Area Development Corporation, an organization of townspeople whose duty it is to promote better business in Bethel. This committee is greatly responsible for the development of the Suncay River Skiway. Mr. Chadbourne is also a director of this organization.

The Chadbournes have five children: Tommy, an eighth grader at Crescent Park; Bobby, a junior at Gould; and Phyllis, Ted, and Carolyn, Gould graduates. Ted has been to Dartmouth and is now at Harvard School of Business Administration, from which he will graduate in June. Phyllis is at the Toke-Coburn School of Style and Design and has been to Bradford Junior College. She is also employed as a buyer in a department store in Newark. Carolyn is a junior at Jackson College.

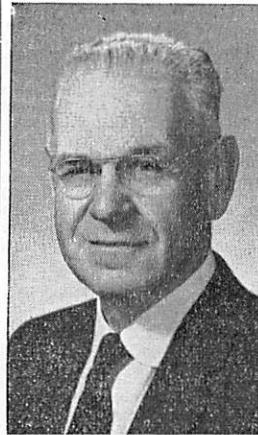

With great interest, Mr. Chadbourne spoke about the benefits his children had received from their Gould education, for he thinks that they were given an excellent foundation here.

As we turned to the subject of the possibility of future industrial growth in the town, he said he could foresee no great changes in the industry of Bethel. His views on the success of the new ski development are bright, however for Mr. Chadbourne feels that this project will bring more trade into Bethel through the influx of tourists.

All in all, we found Mr. Chadbourne to be a very congenial man, who tried his best to answer our questions except when they concerned his own achievements. Meeting this man has been a truly rewarding experience.

the balcony. Each table has been covered with white paper and has upon it a small replica of a top hat, as constructed by Mrs. Owen. Speaking of the Owens, we see to our right that Mr. and Mrs. Owen, as advisors of this project, have a special table of their own, complete with flower and candle. Turning our attention once again to the stage, we see emcee Jim Linnell seated in the opening of the curtain, surrounded by record players and microphones, set up by Mark Freeman. Soon the party begins; there is a hat dance in which the object is to not be caught with the big top hat, passed among the dancers. Chris Angevine and Sandy Allen came up with the hat at the dance's end and are awarded two porcelain mugs made exclusively for The Top Hat by Mr. Owen. Later in the evening, refreshments are served by the entire Lower Dorm Crew with the exception of Fred Dalling who is, unfortunately, unable to attend.

Everybody is having a wonderful time at Gould's first night-club—The Top Hat!

Mr. Elwood F. Ireland

Mr. Edmond J. Vachon

MR. VACHON NEW HEADMASTER

Sidney W. Davidson of New York City, President of the Board of Trustees of Gould Academy, announces that on June 30, Elwood F. Ireland will retire as headmaster and will be succeeded by Edmond J. Vachon.

Mr. Davidson stated: "During Mr. Ireland's headmastership of Gould, beginning July 1, 1940, strong courses have been developed, particularly in the fields of mathematics, science and language, the campus has been expanded, and the Farnsworth Field House and the Arthur L. Walters, M. D., Infirmary have been erected. Under Mr. Ireland's devoted and selfless leadership, Gould has made advancement which have been recognized throughout the field of secondary education. Mr. Ireland has devoted thirty-nine years to school work and he and Mrs. Ireland will make their home at their farm at Whitefield, Maine, which they recently acquired and modernized. They have the best wishes of all friends of Gould for a happy life in their new environment. Gould was fortunate to find as Mr. Ireland's successor a member of the present faculty. Mr. Vachon is widely and favorably known among the alumni, parents, and friends of Gould."

Gould Academy, a coeducational boarding school, founded in 1836, has students from many states and several foreign countries and serves as the town high school of Bethel. Its principal benefactor is the late William Bingham 2nd of Bethel.

Mr. Vachon, associate headmaster of Gould and faculty member for nineteen years, was born in Rochester, New Hampshire, in 1909. He holds degrees of Bachelor of Arts from the University of New Hampshire and Master of Arts from Middlebury College. He is president and trustee of Bethel Savings

Bank, trustee of Bethel Library Association, a director and treasurer of the Bethel Area Development Corporation, and a member of Bethel's Zoning and Appeal Board. Now a Lieutenant Colonel in the United States Army Reserves, he enlisted as a private in World War II, became a Major, and saw active service in the European Theatre. His wife is the former Sudie Lee Gunter. They have a son Paul Edmond, and their home is on Paradise Road in Bethel.

Upon being asked for comments, Mr. Ireland stated: "Naturally, I am extremely gratified and have a feeling of personal satisfaction that the trustees of Gould have selected Mr. Vachon as my successor. I brought him to Gould with me as French teacher when I came as headmaster, advanced him to senior master in 1941 and the trustees appointed him as associate headmaster in 1956. He has contributed much to Gould since 1940 and Gould's development will continue soundly under his able leadership."

Mr. Vachon when asked for comments made the following statement: "I consider it a great privilege and honor to succeed Mr. Ireland as headmaster of Gould Academy. His departure from the scene after a tenure of nineteen years, characterized by academic growth and physical expansion, will be deeply felt by me personally and by all who have had the benefit of his leadership for so many years at Gould. He has a superb record of achievement and of public spirit. I know I speak for the hundreds of students, the parents, the alumni, the faculty and the friends of Gould far and near when I express heartfelt best wishes to Mr. and Mrs. Ireland for many years of happiness in their new life."

STUDENT COUNCIL FUNCTIONS WISELY

Doing most of its work in a quiet manner, the Student Council has, of late, considered many suggestions of the student body while helping to institute some changes in the Gould routine.

Probably one of the most important pieces of work was the complete revision of the constitution of the Council; this revision condensed and clarified the original document to a great extent.

The dances after Friday basketball games and after movies were also brought into being upon the suggestion of the Council,

as it was felt by the members that such dances were desired by the greater part of the student body. The slippery condition of the parking lot was also something that was acted upon by this organization. It can be seen, therefore, that action on ideas of students can best be obtained thru the students' class representatives; the Council hopes that the suggestion box will continue to play an active role in the expression of the desires of the student body, as it has been doing during the past few months.

YOUR NAME IS WHAT YOU MAKE IT

A name—what is a name? Is it merely a title by which any person is known or designated? It is this, but it is something more . . . it is a reputed character, a reputation.

You started making your name when you first entered society, be it by going to another child's birthday party or that first day at Sunday school . . . perhaps you were the one who picked the flowers from the neighbor's flower garden! But no matter what you did, your name was there and got its start.

And then, one day, you are in high school, where many people either break loose with activities and self-betterment or fall by the wayside. Here your name begins to really mean something to all around you. Here is your chance to become someone who is highly respected, dependable and good-natured, always ready to help, or someone who just doesn't care to do more than just "get by."

To make a good name or reputation, be yourself! Don't put on a front! Remember, a friend is one who knows all about you, but likes you just the same. Also, don't force yourself. You don't have to be on every committee or on the winning side to make your name known. As Grantland Rice said, "When the one great scorer comes to write against your name, He marks . . . not whether you won or lost . . . but how you played the game." When you start something, finish it to the best of your ability, for something worth doing is worth doing well. If you do things for people around you, your school, church, community or family, you will get out of life what you want and you will have a name. Be famous with your friends.

There is a need for people like you in this world . . . people with honesty, generosity and friendliness, ready to meet any occasion. When something special needs to be done, your name will be remembered.

Your name is you—make it worth something! D. J. B

DAWN

Our generation has the greatest potential of any since the beginning of time. Perhaps there are other eras that will show a higher percentage of poets, statesmen, philosophers and scientists; let that be so. We will be remembered because we have been given a task. We must set a new precedent. It is up to us to prove that man's mind has developed in other than scientific fields. We must show a development in moral capacity, also.

Man is on the threshold of a new age. The tamed atom is our slave, and no one ever had a more powerful one. The atomic age has become a reality and it is up to us to make it a happy, not a grim one. Suddenly man has been given the ability to destroy and aid as never before. We must rise to the task, for in the coming years we will be the ones to set the course. Whether man advances or retreats is up to us. The dark age we could spawn would make Medieval Times look pale; the sunlit world we must create can far outshine the Golden Age of Greece and Rome.

Seniors Worth Knowing

"D. J." BIGOS

If you see a girl scurrying around the halls rushing from one class to another, from one club to the next, you will know it is Donna Jeanne "D. J." Bigos.

In her three years at Gould, D. J. has been very active in school affairs, but not neglecting her studies, she has made the honor roll, too. Her favorite sports are tennis, archery, skiing and volleyball, making both the tennis team and the volleyball class team this year.

She has been on the Blue and Gold staff for two years, as a reporter last year and as feature editor this year. She is also on the staff of the Academy Herald.

She is an active member of the French Club and this year is the head of the Dorm Council.

Although you wouldn't believe it, D. J. still finds time for music, being a member of the Varsity Glee Club, Jr.-Sr. Girls Glee Club and a majorette.

Hoping to be seen either on the University of Connecticut campus or in the corridors of the Hartford Hospital, D. J. plans to make a career of nursing.

Wherever she goes and whatever she may do, Gould is behind D. J. all the way. This busy girl has certainly contributed a lot to her class and to the school.

KIRK NEWSOM

As senior class president, Kirk is to be in the senior spotlight. In his three years at Gould, he has certainly earned the right to be in the spotlight.

Kirk was born in Moline, Illinois, where he lived until he was eight. He then moved to Chillicothe, Ohio, residing there for a year, and finally moved to Groveton, New Hampshire, his present home.

In addition to being president of his class for two years, Kirk is very active in many school activities. He is on the staff of the Blue and Gold, is a member of the Chapman Club and band, and also belongs to the French Club, Varsity Glee Club, and the Outing Club.

Last, but certainly not least, is his athletic record at Gould. Having obtained his letter in cross-country and as a member of the Gould track team, football team, and ski team, he has proved his proficiency in sports and has shown himself to be a fine sportsman.

As for his future plans, Kirk hopes to be accepted at Middlebury, where he plans to take up some phase of engineering. With his sure knack for leadership and his sportsmanlike attitude, Kirk is certain to make the grade in all that he attempts to do.

Klass Kapers

SENIORS

With the beginning of a new term some of us are beginning to hear from the college of our choice. Those who have been accepted are Linwood Small and John Vinton, Wesleyan; Ann Carter, Sargent; Pat Philbrook, Deaconess Hospital; Marjorie Morton, Farmington State Teachers College; Laurel MacPherson, Tyler Junior College; Joyce Gilman and Sue Appleton, U. N. H.

Many of the seniors were appointed to the staff of the Academy Herald. Congratulations to them and to John Vinton, who is the editor-in-chief.

A card which was signed by all the seniors was sent to Fred Dallinger, who, as most of our readers know, broke his leg while skiing.

Many of us made the honor roll this time. Congratulations!

Senior members on the varsity basketball team are John Cole, Al Sumner, Bob Felt, Larry Cummings, Tim Carter. Those who are on the ski team from our class are Steve Karpowich and Fred Dallinger.

FRESHMEN

We're proud to announce that Margie Dallinger and Dwight Lord have been chosen to represent the Freshman Class on the Student Council. Congratulations!

Congratulations also to all freshmen in the One-Act Plays! We're sure you will really do a good job.

An apology is due to Richard Angvine. Please forgive the error made when freshman officers were listed in the fall. We

JUNIOR

Congrats to those juniors who made the honor rolls for the second nine weeks!

We are very pleased that the junior class is represented on the Academy Herald staff by the following people: Beverly Blake, Anne Brown, Dave Stowell, Sue Saunders, John Todd, Dotti Kimball, Donald Christie, Lorraine Cole, George Elliot, Dave Marsh and Bob Bennett. We know they'll do a great job.

We also wish to extend our congratulations to those in the class of '80 who have done such a good job on the boys' ski and basketball teams. The juniors are proud, too, of their female athletes on the ski and basketball teams which will play against Kents Hill. Good luck, kids.

The following, we think, pertains especially to the juniors: Remember: "Love may be blind, but cameras are not."

The junior class joins with the rest of the school in wishing Peter Mendall a quick recovery and in hoping he'll be back at Gould soon.

SOPHOMORES

As the casts were chosen for the three One-Act Plays, four sophomores were given parts. Pam Perkins, Donna Rice, San-

know that our finances will be in good hands with you as treasurer.

Deepest sympathy is extended to Pete Mendall. We all hope you will be back with us soon.

We, as freshmen, would like to express our appreciation to Mr. Ireland for making Gould the wonderful school it is and to welcome Mr. Vachon as Headmaster.

If this is so, the world must grow up a little. No nation can go on thinking only of itself and what is best for it. The scientific steps of the past decade have made a network of self-contained countries into a vast community of nations. Just as man has learned to live in co-operation with his neighbors, we must learn to get along with other countries. We must learn to look at their side of the question and seek what is best, not for just one, but for both. We must find new ways of breaking down human, social, and economic barriers. We must exchange cultures and ideas, hopes and dreams, so that Nationalism will grow to Worldism. We must in terms of one global nation, composed of many independent countries, work together for the best of all.

This is our task.

J. V.

EXCHANGE CHAT

We're glad to have you aboard, "Panther Tales" of North Yarmouth Academy.

The following are from the "Green Rave," Dover, New Hampshire:

Teacher: "What is a comet?"

Student: "I don't know."

Teacher: "Sure you do. What's the name of star with a tail?"

Student: "Mickey Mouse."

Small boy to father: "There's a special P. T. A. meeting tonight—just you, my teacher, and the principal."

Looking at his teenage customer's slick, plastered down hair, a barber asked, "Do you want it cut or should I just check the oil?"

The following is from the "Pinto Patter" of Mexico High School:

Chem Definitions

Catalyst—list of prize cattle at a cattle show.

Hydroxide—an ox hide buried to help tan it.

Acids—small insects on plants.

Combustion—two explosions at once.

I received excellent papers from the following. Congrats to the eds!

x+y+z=misery.

x+y-z=happiness.

—Student Voice, Paris High

dra Allen, and Dixie Lea Brown were selected. Pam and Donna were both in plays last year. Congratulations to all of you! Thirteen sophomores attended the Roman Banquet on January 16. Attired in Roman togas, they ate while watching entertainment. They certainly had a very good time.

The sophomores are anxiously awaiting the arrival of their class rings, which should come very soon.

Club News

OUTING CLUB

The season has finally arrived in which the Gould Academy Outing Club can really begin to function. To be sure, this organization has sponsored hikes during the past fall, but now that Old Man Winter has cast his blessings upon the countryside, skiing will become the watchword.

During the last months the Outing Club has been forced to be quite inactive due to the lack of favorable conditions, but in view of the recent snowfalls regular weekend ski trips will be planned. Mr. Richardson, the club advisor, generally chapters these excursions, which go to Bridgton, Wildcat, or even Cannon Mountain.

On the weekend of February 6 and 7, Gould was fortunate in having the opportunity to play host in the cross-country and jumping events of the annual Interscholastic State Ski Championships; the Outing Club took an active part here, providing checkers for the cross-country event and a hearty meal for the skiers at the club cabin at Swan's Corner.

The big event of the year sponsored by the Outing Club is the Gould Winter Carnival, coming up March 6 and 7. On that weekend, there will be interclass skiing, snow sculpturing by the four classes, and the crowning of the Carnival Queen. On Saturday, there will be invitational individual competition in jumping and slalom at the school hill. The week end will be topped off by the Carnival Ball Saturday night.

Yes, from now until the Spring thaw, members of the Outing Club keep your skis in readiness, for we'll be heading for the snow-fields at every chance!

CAMERA CLUB

Since the end of the Christmas holidays, the Camera Club has held two regular meetings. A slide talk, "Making Pictures People Like," shown at the first meeting gave some valuable hints on improving one's picture taking. This was followed up at the next meeting with a demonstration of portraiture.

Many members have been making their enlargements for the coming "Match the Master" contest. This is a unique contest in which each entry is given an identical negative from which he makes his best picture. The final prints will be displayed at the February 10th meeting and a prize awarded to the best enlargement.

GLEE CLUBS

From now until the middle of May is a very busy time for all of the glee clubs, which are rehearsing for a concert at Bridgton on May 2 and, two weeks later, at a concert held here.

Some of the songs which will be sung at the concert held in Bridgton are "76 Trombones," "Salutation," "There is Nothing Like a Dame" from the movie and Broadway production of "South Pacific," "Wonderful Guy," also from "South Pacific," and "When Johnny Comes Marching Home."

The junior and senior girls are working on a novelty number, "I Wish I Wuz," and the Freshman-Sophomore Glee Club is working on "Come to the Fair."

A couple of selections which will be heard at our own concert on May 16 are "Dry Bones" and "June is Bustin' Out All Over" from "Carousel."

After all this work, we can be certain that both concerts will be a great success.

BAND

Under the extremely capable leadership of Mr. Owen, one of the least publicized, and hitherto most dormant organizations of Gould, the band, is rapidly becoming one of its hardest-working and most productive. Most people think of the band as a group of march-players, a body designed only to help the spirit surrounding a football or basketball game; this is, of course, one of the vital functions of any band. However, a band can also be a concert group, one which can play more than just the loud, brassy march. The concert type of music is what eighteen of our band members are now assiduously working on; they are preparing for the 1959 annual Independent Schools Music Festival, to be held this year at Bridgton on May 2. Progress reports show that the instrumentalists will be in fine shape for the big day.

To paraphrase Mr. Owen, it takes a long time to get a band into really good condition, five or six times that needed for a glee club, and the process has to be continued from year to year. It is certain, though, that within a few years our music director will have made the Gould Academy band something to be really proud of.

FRENCH CLUB ACTIVITIES

During December the French Club spent the majority of its meetings rehearsing French carols. They met in the Holden Hall library and were accompanied by Ann Carter on the piano.

The Holden Hall library was again the scene of the French Club's annual Christmas party, held on December 17. President Fred Dallinger gave out the presents which were inscribed with appropriate French verse. After all the presents were opened, punch and cookies were served. A joyous time was had by all.

On December 18, a group of carolers met on the Gehring Hall steps right after dinner and proceeded to the Ireland's, Bosserman's, and other areas of the town, serenading these people with several French Christmas carols.

SPIRITED HUSKIES DEFEATED

February 6 saw the Huskies hit the road to take on the Cardinals of South Paris. Gould put on one of its better showings of the year against a strong South Paris squad. The half-time saw the Huskies training the Cardinals by a score of 30-32. The boys, led by Sumner, Kinsman, and Wheeler, had come from 16 points behind to cut the Paris lead to 6 points.

Mike Haley of Paris, who hit for 25 points, killed nearly every Gould rally with his deadly shooting and beautiful driving lay-ups. In the second half the Huskies were outshot but not outthought and every Gould fan can be proud of the fighting Huskies. High scorers for Gould were Wheeler and Kinsman with 14 and 10 respectively.

Summary:

Gould	g	f	p
Felt, rf	0	0	0
Cummings, lf	2	0	4
Watson, rf	2	1	5
Sumner, lf	3	2	8
Kinsman, c	5	0	10

Neit, lf	6	2	14
Averhill, c	3	1	7
Swan, lg	2	3	7
Thayer, rg	0	2	6
	23	15	61
So. Paris	14	30	45
Gould	6	22	35

Referees: Somers, Hobbs.

FARMINGTON TOO RUGGED FOR HUSKIES

On December 19, the Farmington High School five outlasted the Gould Huskies, 51-43. The first period saw Farmington grab a three point lead over the hard-luck Huskies. The half-time saw Gould on the short end of a 29-19 score. The pesky Huskies, twenty points down at the end of the third quarter fought back to come within eight points of Farmington before the final buzzer sounded. Watson and Felt led the Huskies in scoring with 10 and 8 points respectively. Ball-handling, scrappy play, and fast breaking highlighted the game. Farmington is fourth in the Class L standings.

Gould	g	f	p
Watson	3	4	10
Cummings	2	4	8
Cole	2	1	5
Edwards	0	1	1
Kinsman	2	3	7

GOULD SWEEPS HOLDERNESS

January 10, a very cold and overcast day, brought Holderness to compete in Gould's first ski meet. Sam Appleton was the Huskies' scoring ace of the day, placing first in two events: slalom and downhill. Jeff Hutchins and Don Angvine took the first places of jumping and cross-country respectively. The final score of the meet when all tallies were in showed that Gould was out in front with a score of 390.26-341.22.

In the first event of the day, Gould took the downhill with Sam Appleton and Pete Swallow grabbing the first two places followed by Call, Burnham K. Newsome and J. Newsome tied, Dallinger, Hutchins, S. Karpowich, Saunders, Mendall, and Lincoln.

Following the downhill, the Huskies also took the slalom event with Appleton coming in first for Gould, followed by Mendall, S. Karpowich, Swallow, Saunders, J. Newsome, Hutchins, K. Newsome, and Call.

Gould scored a perfect tally in the jumping by sweeping the first five places with Jeff Hutchins taking the first spot, followed by P. Karpowich, Burnham, Smith, S. Karpowich, Swallow, Favreau, Saunders, and Lincoln.

The last event of the day brought another perfect score to the Huskies when Don Angvine placed first in the cross-country event, followed by Lincoln, Swallow, Burnham, Dallinger, P. Karpowich, J. Newsome, Favreau, Saunders, Anderson, and Morse.

Holderness was a little weaker than expected due to the absence of their best skiers who were taking college boards; however, it was a fine meet enjoyed by all.

NORWAY GAME

On January 23, the overmatched Gould Huskies dropped a hard-fought game to a fast-moving Norway team. The Norway High School quintet, playing on their own court, used a tight defense to down the Gould Academy basketballers by a score of 48-36. The first quarter was closely contested, showing Norway to be on top at the end by three points. As the next three quarters progressed, Norway gradually increased the lead. Huff was high scorer for the opposition, netting 16 points, while Doug Rice tallied for 10 points as the Husky high scorer.

POWERFUL OLD ORCHARD DROPS HUSKIES

Once beaten Old Orchard Beach visited Bethel on January 9 and added Gould to their list of victories which includes four Class L teams. The Huskies put on an exhibition of shooting and ball handling in the first quarter which will not soon be forgotten by their fans. The Old Orchard defense tightened up in the second quarter and held the Huskies to two points while they hit for sixteen. The Seagulls soon displayed the stuff which makes them a top contender for the Class M title by going on to spank the Huskies, 50-36.

SKI TEAMS SECOND IN STATE MEETS

Finally the Maine State Inter-scholastic Championships were here. They took place on Friday and Saturday, February 6 and 7. The meet was sponsored by the Gould Academy Outing Club, but because of poor ski conditions the downhill and slalom were held at Bridgton's Pleasant Mountain. Competing in the meet was Gould, Edward Little, Rumford, Fryeburg, Mexico, Farmington, Andover and Bridgton.

The downhill was won by E. L.'s John Bower in 38.0 seconds. A very close second was taken by our Pete Swallow in 38.1. Congratulations for your medal, Pete. The other places taken by Gould's five man team were a ninth by Sam Appleton, fourteenth by Bill Call, twenty-first by Guy Burnham and thirty-first by Steve Karpowich.

It was during this race that one of our boys met with a very serious injury. Pete Mendall foreran the race and at the finish lost his edge on the hard snow. He was going quite fast when he fell and before anybody could do anything Pete had hit a post. The accident resulted in three broken ribs, a broken ankle, a broken shoulder and several serious internal injuries. He was taken to the Maine Medical Center in Portland.

Also at Bridgton was the slalom. Bower also came through here to win. The first place for Gould was a fourteenth, taken by Sam Appleton. Burnham was right behind him with a fifteenth. Call had an eighteenth. Karpowich a twenty-first and Swallow a twenty-second. After this race, which left Gould in second place, everybody went home to get rested up for the cross-country race the next morning.

By 9:30 on Saturday most of the boys were out getting warmed-up. At 10:00 the fore-runners were off, and the race was on. John Bower won again! Jodrey, also of E. L., took a second. Third, the first place for Gould was taken by Don Angevine. Behind him for Gould were Lincoln, Swallow and Pete Karpowich, with sixth, seventh and eighth, respectively. With only the jumping left, E. L. in first, had a total of 298.80 points and Gould was second with 286.25.

In the jumping, held at the Gould Ski Hill that afternoon, Bower did it again, giving him four straight wins! Two freshmen, Nelson Smith and Guy Burnham, took the first two places for Gould: seventh and eighth. Eleventh, twelfth and thirteenth were taken by Pete Karpowich, Pete Swallow and Steve Karpowich, in that order.

OUTSTANDING GIRLS IN SPORTS

As the third term rolls around, we bring you another edition of Outstanding Girls in Sports. We have a fine election of athletic looking girls again! Many sports are available for participation in this year, such as basketball, hockey, skiing, and skating.

The first on the list, representing the seniors is Ruth Willard. Ruthie is very active and has displayed her talents in many sports including basketball, hockey, and volleyball. During her four years here, she has compiled a record that most girls would be proud to have. She is president of the A. A. Council, and wherever we see Ruth, whether it is on the hockey field or the basketball court, she is at the top.

Next on the list, we find Nancy Lincoln. Nancy has contributed much in the sports department, being active in most of the sports that Miss Duffy's varied program has to offer. She excels in basketball and volleyball, and she is a whiz with a hockey stick! Whether she is working on the A. A. or on any other activity, she can always be depended upon. Keep up the good work, Nancy!

On the mornings of January 30 and 31, the girls' ski team traveled to Pratt Mt. in Andover to compete with Farmington, Wilton, and Edward Little in State Championship Meet.

On Friday the girls' races started about twelve in the damp, drizzling rain on a mile long downhill course peppered with right angle corners and no check gates. This course, used for the first time this year, was the same one used by the boys previously, making the trail hard packed and quite fast. Farmington's Betsy Bigelow copped first place with her team mates falling in the next three places for a perfect score. Janie Greig's time of 71.0 flat took a sixth in the meet and a first for Gould; Beth Brown's 74, seventh place took a second place for Gould.

The Saturday morning slalom took place on the same course. This course, the trail about 6' wide and a 1/4 as long as the downhill, was a maze of flushes and hairpins around treacherous corners on a sheet of ice. Falling occasionally and checking constantly, the girls made their way through two runs, their final place depending on the combined times. June Lake of Wilton had a winning time of 1:14 for a hard earned and well-deserved first place. Gould's Beth Brown, the snappiest little skier Gould has seen in a long while, placed fifth in the meet and first for Gould. Beth and Deb Appleton, who placed twelfth, are promising skiers on the Gould team. Jane Greig placed second for Gould with a seventh in the meet.

The Huskies picked up a half point deficit from E. L. in Friday's downhill to end up with second place in the combined events.

Wilton	42.13	72.34	114.47

Again the sophomore choice is a girl whose talent in basketball is well known among her classmates. Active Jean Corey is in the spotlight! She has shown her prowess in volleyball and hockey, and with her racket in her hand, she is a tough opponent to meet on the tennis court. Where did you ever learn that backhand, Jean? Being on the A. A. and participating in many other worthwhile activities takes much of her time, but she excels in whatever she attempts to do. The best of luck to Jean Cory!

Last but not least, we find Claudia DeMonte. Although Claudia is only a freshman, she has already shown us her skill in sports. She has made a good start toward her letter and numerals by participating in many sports. This list is comprised of basketball, hockey, archery, tennis, volleyball, bowling, and skating. We're sure that Claudia will always add spirit and vitality to her class in her future years at Gould. Congratulations, Claudia!!

GOULD—MEXICO

For the first time this year Gould came through to win a basketball game when Mexico came to our floor on Tuesday, February 3. Gould was ahead from the start. In the third quarter Gould had a fourteen point lead and was determined to hold it. As the clock started to tick off the closing minutes of the game though, Mexico ganged up to swiftly close the gap in the score. In the last minute the spectators watched in awe as a Mexico boy had a chance to tie the game with a one and one foul shot. He missed the shot and the buzzer went off. The final score was 42-40. Steve Watson was high scorer for Gould with 10 points.

The J. V.'s also clipped Mexico with a 49-30 triumph.

MECHANIC FALLS GAME

On Friday, January 30, the Gould Huskies played host to the Mechanic Falls basketball team losing to the visitors by a score of 61-26. The Gould basketball team, while playing hard constantly, were just overmatched by the league-leading Mechanic Falls hoopers. The first quarter proved to be very exciting with the Huskies coming out on the short end, 15-10. In the second quarter Mechanic Falls began to pull away as shown by a 27-15 score at the half. The third period showed a relapse in the Huskies' drive as they scored but three points, making the score read 38-18. In the final period, while the Huskies regained their composure slightly, they were unable to contend with the fast moving members of the opposition. The final tally showed Mechanic Falls to be the victors, 61-26. Ashby and Cotton tied for top honors for the visitors with sixteen points each, while Pete Wheeler scored ten points as our high

BRIDGTON ON TOP

January 15 found Gould at Bridgton, still looking for that first victory; however Bridgton proved too strong for the Huskies and defeated them, 53-41.

At the half the score was knotted 18-18 but Bridgton outscored Gould on the third stanza and the Huskies were never really in contention again.

Cannell, Ward, and MacDonald led the Bridgton scoring while Felt had 11 for the losers.

GOULD DROPS THRILLER

January 13 found Norway and Gould engaged in a close and exciting basketball game—and tuck all the way. Gould held a six point advantage going into the fourth frame, but Norway overcame this deficit to knot it up 36 to 36 at the final gun. Norway came through in the overtime to win 40-38.

The J. V.'s lost in the opener.

MEXICO ON TOP

In a close game, the Gould basketball team were handed their third straight loss at the hands of the eager Mexico Pintos on December 17. Gould brought the crowd to its feet in the last three minutes with a big rally, but time ran out. The final score was 45-42 with Bill Kinsman leading the Huskies with 20 points.

Mexico J. V.'s were also victorious in the opener, 38-32.
